## SKILLS

- **Programming Languages:** Java
- **Android Development:** Android Studio, XML
- **Web Development:** HTML \* CSS \* JavaScript
- **Database Management:** SQLite
- **UI/UX:** Material Design Principles
- **Project Management:** Leadership, Team Collaboration

## EDUCATION

---

**Advanced Diploma in Software Engineering**, Aptech Computer Education    SEPT 2021 - SEPT 2023

- Relevant coursework: Mobile App Development, Web Development, Object-Oriented Programming, Database Systems, Software Engineering

## PROJECT EXPERIENCE

---

### EVENT MANAGEMENT WEBSITE

OCT 2021 – FEB 2022

- Coursework: Semester long project.
- Let the development of an event management website, coordinating the implementation of features like event registration, ticketing, and user profiles.
- Used HTML, CSS, and JavaScript for the front-end development.
- Designed the overall website concept, layout. Website deployed but still undergoing development.
- Collaborated with team members to ensure seamless functionality and a responsive design.

### ANDROID CITY BUS MANAGEMENT APP

AUG 2022 – JAN 2023

- Coursework: Semester long project.
- Led a team of three members in the development of a City Bus Management App, a class project that aimed to provide an efficient and user-friendly solution for managing bus routes, schedules, and passenger information, real-time tracking of buses, user authentication, route optimization, and a user-friendly interface adhering to Material Design principles.
- Utilized Java for backend logic and XML for designing interactive user interfaces.
- Integrated SQLite for local data storage and retrieval, ensuring data consistency and reliability.
- Collaborated with team members to address challenges, debug issues, and optimize the application's performance.
- Successfully delivered the project on time, meeting all project requirements and earning positive feedback from the instructor.

## INTERNSHIP

---

### INTERSHIPS

Front-end Developer Intern at FlexiSAF Edusoft Limited

- January 2023 – April 2023
